IDEAS.

When the horse is stolen, we lock the door; when winter comes we wish we had done something toward improving the roads.

During the summer the roads are easily passable, during the winter we get along the best we can.

It's the old story—when it rains a man cannot patch his roof, and when it does not rain the roof does not need it.

Shiftlessness and procrastination are the direct causes of many of the inconveniences we struggle against.

Now is a good time to do a little planning for improvements to be made later.

The Wide World.

The Boers are slowly but surely closing in upon Ladysmith and attempts of the British under Buller and French to make sorties are futile and easily repulsed.

Lieut. Gilmore and the other naval prisoners rescued from the Filipinos have reached Manila.

Fear of a Dutch uprising at Cape Town lead the British to observe unusual precautions against surprise.

The famine in India grows decidedly worse, water becoming scarce now. Six cases of Bubonic plague, with four deaths, have occurred at Manila. In Honolulu also the plague is spreading.

In fighting near Colesburg, South Africa, Lieut. Watson made an unsuccessful attempt to carry a Boer position last Saturday.

Our Country.

In the United States House of Representatives, the Roberts case is expected to come up for settlement soon. It is predicted by the Ways and Means Committee that there will be no change in the war tax during this session of Congress.

Americans are to begin a new banking business in the City of Mexico. Capital \$100,000.

Senator Morgan, of Alabama, is quoted as authority for the statement that restriction of the Negro vote in the South is necessary for the well-being of the South. It is good that not all agree with him.

The Government has sent a gunboat to Santo Domingo to protect American interests there during the disturbances.

STATE NEWS.

The Kentucky House has organized and Speaker Trimble has appointed his standing committees.

A bill to provide a new capitol for Kentucky was introduced to-day. It provides a special committee and levies a tax for the purpose.

Representative Orr, of Owen county, will on next Tuesday offer a bill repealing the Goebel election law.

It is reported that Gov. Taylor will resist all attempts to oust him from his seat.

Former Gov. Bradley was nominated for the U. S. Senate by the Republicans Monday.

John H. Whallen swore out a warrant Monday against Senator Harrel, charging him with obtaining money under false pretenses. And so it goes.

County News.

Bijou White, near Fort Estill, has vaccinated 200 head of cattle to protect them from black-leg.

Farmers living near Richmond say that linseed oil stirred into buttermilk and fed to hogs will cure cholera.

John Powers died at his home near Silver Creek and was buried in the Richmond cemetery.

County Superintendent Wagers has received the last month's pay for county teachers. The amount is \$4,125.55.

Richmond has been having a mad dog scare and as a result many dogs have been killed. Let the good work go on.

A PROCLAMATION OF

ECONOMY for the Fall and Winter Season in Men's and Boys' Fine Stylish Made

CLOTHING!

We are prepared to cloth you with the Lowest-priced, rightly made, absolutely all-wool Clothing in America. Rightly made, as it is of famous "Vitals" Brand the only ready-to-wear Clothing Tailored on a strictly scientific basis in clean, well ventilated workrooms. Perfect fitting and wear-resisting, because the inside, the "Vitals," the very life of the garment, is carefulness in making, represents the expenditure of time and thought, and is a decided contrast to the tailoring seen in ordinary ready-to-wear Clothing. The Fabrics that we show are the very newest designs that will be seen this season. Many confined exclusively to us, in the face of the above facts. The most extraordinary feature combining our great offer is, that we can and do sell our Clothing at

LESS MONEY

Than elsewhere. How can we afford to sell such high-grade Clothing for less money than elsewhere? Our answer is pure and simple: Ours is a modern store, constructed strictly on progressive plans, our Clothing is sold on the smallest margin of profit, depending on a large volume of business. The more Clothing we sell, the greater our purchasing power the lower our prices, that's the story in a nutshell.

During the time when Mr. Fee was very sick a gathering of people at Lexington, who were celebrating the anniversary of the Emancipation Proclamation, sent to Mrs. Embree resolutions of sympathy and from this report of Mr. Fee's death probably originated. Soon more telegrams came, together with flowers for the burial, but upon inquiry as to his health, Bro. Fee sent back to Mr. A. W. Titus, a challenge to a foot-race.
